**Ancient Chinese curse, “May you live in interesting times.”**

We have entered *the most dangerous time in history* as **A.I., Artificial Intelligence**, has *access to all the accumulated knowledge on earth* and **can out think humans**. Artificial Intelligence exceeds human intelligence by using computers that can think 100,000 faster, **exponentially faster, than humans can think**. AI can process massive amounts of data in *seconds, unlike humans*. For example, AI is *intuitive*. One of the engineers who was programming AI was startled to see AI learn Swahili **on its own**. It wasn’t programmed to learn Swahili but intuitively **learned it itself**. This has *grave implications* for mankind since they **can outsmart, deceive and control people**. A.I. has no *conscience*, no morality, no right or wrong, can’t tell truth from lies. A.I. has **God-like technology to propagate confusion and discord**. A.I. in End Times programs 1936/1937

**AI is the most significant invention to change the world since electricity.**

Prophecy expert **Jimmy Evans**, author of *Where Are All the Missing People?*, says **AI is the most significant invention to change the world since electricity**. AI *speaks every language* thus **negating God’s curse** in dividing languages at Babel. In Genesis 11, Nimrod led a rebellion against God in building the tower at Babel. The LORD said, “Behold, they have all *one language*, and nothing that they propose to do will now be impossible for them.” So, God **confused their one language** to divide people and disperse them out around the world. But now AI, in essence, creates a ‘*digital god*’ that **unites languages** that **again rebels against God**. A.I. in End Times programs 1936/1937

We are not just living at the *end of times* but at **the end of the end of times** as events are falling into place rapidly. Rev 11 says God will send His two witnesses to prophecy to the world. But at the end of their testimony, they will be killed and **‘every people tribe and language and nation will gaze on their dead bodies.’** 30 years ago all the people of the world *could not see the same thing* AT THE **SAME EXACT TIME** as they can today!! This is the *first time in history* that the whole world will see the two witnesses **at the same time**. There are 6.9 billion people who have smart cell phones to watch the same thing at the same time. Everyone on earth will watch God’s two witnesses resurrect back from the dead and ascend to heaven in a cloud.

**How close are we to the RAPTURE?**

In Matthew 24:31, Jesus said, “At that time the sign of the Son of Man will appear in the sky... and He will send His angel with a **loud trumpet call and gather his elect!**” It’s the **same trumpet call** as prophesied in 1st Thessalonians 4:16 “For the Lord Himself will come down from heaven, with...the **trumpet call of God**, and the dead in Christ will rise first. After that, we who are alive will be **caught up together (RAPTURED!) with them in the clouds** to meet the Lord in the air.” A.I. in End Times

“Rapture” in oil by Bob Boyd

Jesus in said, “Learn this lesson from the **fig tree (the nation Israel)**: As soon as its twigs *get tender* and its leaves come out, you know summer is near...*right at the door*. **This generation** will not pass away until all these things take place.” *This generation* won’t pass away, **from when?** From when the *fig tree gets tender*, that means from when Israel became a nation in 1948. **How long is a generation?** Ps 90 says, “The length of our days is 70 years or 80.” So, we are now **77 years from when Israel becoming a nation**. A generation is 70-80 years. So, does this mean we have just **3 more years** before we are **RAPTURED out of this world to be with our Lord?**

**Pastor Billy Crone** says AI is setting the stage for the advent of the anti-Christ who will use AI to appear **god-like!** The anti-Christ will use AI to micromanage *every transaction of every person on earth* to control the world’s economy to determine who can buy or sell as prophesied in Revelation 13. He couldn’t hire enough humans to do that but AI will do that. AI is essential for the anti-Christ to know who has the mark of the Beast.

*Fascinating developments in neuroscience can be for good or evil.*

***The human brain is the most complex, orderly arrangement of matter in the universe.***

The human brain works with *trillions of electrical signals* from *billions of neurons* to regulate all the biological functions and thoughts in our bodies. When we realize how complex and fascinating our brains are, we realize how much more is the complexity and brilliance of the **One** who designed and created the human brain. Brain waves are *electrical signals* that can easily be *read* by God. David wrote in Psalm 139 that God perceives his thoughts "from afar". *God has intimate knowledge of our innermost thoughts and prayers instantly.*

Leslie, is a blind, mentally handicapped, victim of cerebral palsy, who has never had any formal musical training. Yet, in his teens, upon hearing Tchaikovsky's Piano Concerto for the first time, played it back on the piano flawlessly and without hesitation. When we realize what God created in making our brains, we can have more faith in His Almighty power, infinite love and omniscience and we can trust Him more!

***God's Sovereignty is my sanity.***

***"Our entire universe could be just a tiny subatomic system within a molecule on God's massive throne. One day God will get up from the sitting room in heaven, walk across the room, and turn of the TV set known as the universe, and everything in the universe will be un-created and disappear."*** *More than Meets the Eye*, Richard Swenson

At age 22, **Noland Arbaugh** dove headfirst into shallow water hitting his head and causing paralysis from the neck down for 8 years. He was the first person to receive a brain implant from *Neuralink*, founded by Elon Musk. The device, which is the size of a coin, was implanted in Arbaugh's brain in January 2024 to enable him to control a computer with his thoughts. *Neuralink* and similar

technologies hold promise for **restoring walking** ability in individuals with paralysis, though it's still under development. *Neuralink* focuses on restoring connections between the brain and body. Brain waves can be used by paralyzed people to move their wheelchairs. Brain-computer interfaces (BCIs) help ALS patients speak by decoding neural signals into words.

Several hundred people have received permanent **brain-computer interfaces** (BCIs). BCIs can help people with ALS to regain the ability to communicate. BCIs can *restore motor control* in people with spinal cord injuries, stroke or cerebral palsy to regain some mobility and control seizures. Future use for BCIs include relief from depression, paralysis and even restoration of eyesight from blindness.

*Neuralink* implants tiny pins that are one-fifth the diameter of a human hair into the brain. But after a time, the pins form scar tissue that reduces their efficacy or they simply fell out of place. So, *Precision Neuroscience* uses an *ultra-thin film* that *doesn't penetrate* the brain but *lies on top* of it where the thin, flexible film conforms to the wrinkled shape of the cerebral cortex like Saran Wrap. *Precision Neuroscience* makes a tiny one millimeter slit in the skull to insert the film. Getting the thin film in minutes in an outpatient facility will give a person perfect memory with complete recall. You can learn and speak a new language instantly with the chip.

***Easily pass all tests and instantly get a college education without going to college!***

Brain chips will enable a person to drive a car with **just their thoughts that go from their brain to the computer in their car**. A student could pass all kinds of tests and instantly qualify for a certificate or a college education **without going to college**. A BCI chip could erase unwanted memories that haunt soldiers with PTSD. Depressive thoughts could be deleted from memory. Bad dreams could be replaced with vivid **happy colorful dreams!** Children who have been 'chipped' will **excel with instant recall to answers on tests** while other children without chips will be left behind and put into slower categories and become part of the labor class. 'Chipped children' can write essays and even whole books using such sources as ChatGBT. ChatGBT is an **AI**-powered website that **perfectly mimics human-like writing** and can be used for translating foreign languages instantly. Society will be split between those who **integrate** and those who don't. Those without the AI implant will seem **un-educatable**.

***Dangers of a brain chip***

Klaus Schwab gave away his *diabolic* plan in a video in 2016 when he admits on camera, “In *10 years everyone will have a chip implanted in their brains.*” What are the dangers of having your brain connected to the Internet? would anyone want to have their *brain be connected to the Internet?* Just as computers can be “hacked” so your thoughts could be hacked. Someone could steal *your identity or your banking information.* Someone could plant thoughts into your mind that you think are yours and you wouldn’t even know it. *Your thoughts could be controlled and your identity stolen.* The ability to *read the thoughts* of people throughout the world is crucial for the coming **anti-Christ** to know who is really *worshipping him* and who isn’t. AI will be vital for the **anti-Christ** to know who *he will allow* to buy even food, get medical care, or have a bank account even drive a car; thus, *he can take total control of the world’s economy and people’s lives.*

### **A.I. in End Times,** parts 1 #1936 & part 2 #1937

Pastor **Billy Crone**, author of *Klaus Schwab, The World Economic Forum and the Coming Mark of the Beast*, says according to Revelation 13, the world’s economy will be controlled by **one man, the anti-Christ.** Everyone in the world will be required to have the **mark of the Beast** to go to the hospital, buy gas, heat your home or buy food and water to survive. This **one man**, the anti-Christ calls himself **god**, will require worship as **God.** The world is being set up for *pervasive government control* through AI and **Digital Currency** that will replace cash. **When** everyone has a brain chip and is connected to the Net, the anti-Christ will control the world’s population. **Jimmy Evans** says AI is *the most significant invention to change the world since electricity.* AI speaks every language *thus erasing God’s curse dividing language at Babel.* As prophesied in Rev 11, today is the first time in history that the whole world would see the two witnesses at the same time. **Pastor Billy Crone** says AI is *essential* for the Anti-Christ to *micromanage* the world’s economy to know who has the mark. Don’t take the mark. Human brains implanted with **microchips that connect a person to the Internet is becoming a reality.** But if your brain is part of the Internet, could you *lose your mind?* A brain chip connected to the Internet could give you a college education without ever going to college.

### **Turning Point in the USA,** parts 1 & part 2 #1940-1941

“The greatest, most generational *shift in American politics* was seen in the last election with a *tidal wave* of younger voters turning more conservative and Republican than older generations,” said **Charlie Kirk** of *Turning Point USA.* **We are on the verge of a major national revival** as young people are searching for truth. Many people have given up on the younger generation saying they are too woke, too liberal and too atheist. But **Charlie Kirk** says university students are becoming *the most conservative generation.* Kirk goes onto hundreds of liberal universities, sets up a booth and challenges *thousands of students* to debate him.

### **“My body, my CHOICE!”**

A university student said they are pro-choice for abortion. It’s a woman’s body, so it’s her choice, right? Charlie Kirk says, “A baby is not simply a part of its mother, like an appendix, but a separate human being with different DNA.” Charlie Kirk asks, “If it’s human, how can it legally be killed? Should abortion ever be legal? When does life begin? Abortion is murder no matter what age the baby is. What if YOU were conceived by RAPE? Should you be killed?” Charlie Kirk does a masterful job making young people **think** and not simply *parrot words.*

### **Younger voters saw the hypocrisy of Democrats**

Younger voters saw the hypocrisy of Democrats wasting \$300 billion to defend the Ukrainian’s border but opened our borders for millions of illegal invaders to come in unvetted who they hoped would vote Democrat. The Democrat Party *that supported slavery* may go the way of the **Whig Party** in 1854 when the **Whig Party** disbanded, and the *Republican Party* was born. **Charlie Kirk** said, “The Democrat Party is the embodiment of *every pagan idea* that the Bible detests. Democrat women like Hillary and Kamala said **masculinity was TOXIC,** when in reality, the Democrat Party has become the *party of toxic femininity.*”

### **Young people were taught that diversity is our strength.**

No, it’s not. **Unity is our strength** as our national motto states, “E Pluribus Unum,” out of *many come ONE. Not the other way around.* They were taught that America was built on immigration, without mention that the immigrants *became American* and *adapted to our culture!* They didn’t try to change our culture or religion to their **Islamic** culture as do Muslims do since they do not assimilate but remain a *culture island* dedicated to the

destruction of “the great Satan”. God blessed this nation because our Founders established this nation under the God of the Bible built on Biblical morality. Turning Point in the USA, *Issues in Education* #1940-1941

### **Attacking the Left’s intellectual power centers**

Elite private universities like Harvard, Yale, Princeton, and Columbia used to be sources for academic learning but they no longer offer academic freedom but have become *indoctrination centers producing anti-American students*. Yet they would *rather give up billions of federal funds* to continue **their war to change our culture through** blatant discrimination based on race, gender and religion (DEI). Harvard does hold **separate graduation ceremonies** for black students, Latino and Asian graduation ceremonies, in addition to the main university commencement. They see it as their purpose, their mission to segregate to promote DEI with **evangelic zeal!**

### **These institutions influence all levels of education throughout America.**

Trump has prohibited **funding** universities that promote **antisemitism, transgenderism** and discrimination **in admissions, hiring and lesson plans**. The *Department of Education’s Office for Civil Rights* is investigating 45 public and private universities that use *race as a basis for admissions and scholarships*. This segregation of students, staff and teachers is based on race, and it is illegal discrimination. *Secretary of Education McMahan*, said “Students must be assessed on **merit and accomplishment**, not prejudged by the color of their skin.” DEI is dangerous because it promotes **hate and harassment of Jewish students**, staff and professors so they must hide their identity or risk persecution. Although the American people can see this prejudice for what it is, the arrogant administrators expect the government to pay for it and will use the courts to force them to do so.

### **Trump wants to end discrimination based on race, religion and gender.**

President Trump is taking on the power centers of the radical left to stop America’s decline and to restore the country as “one nation under God.” President Trump announced that Harvard University will **lose its tax-exempt status**. The decision follows freezing **\$2.2 billion** in grants that because of Harvard’s **refusal to end discrimination** and continue allowing anti-Israel protests? The Treasury Department asked the IRS to revoke Harvard’s tax-exempt status and be taxed as a political entity that keeps pushing ideological, and terrorist inspired activities. Harvard just can’t let go of their **racism and antisemitism**.

### **Secular Humanism is the established religion in American public schools.**

"The battle for humankind's future must be waged and won in the **public school classroom** by teachers who correctly perceive their role as the *proselytizers of a new faith*. The classroom must and will become an arena of conflict between the old and the new--the **rotting corpse of Christianity** and the *new faith of Humanism*."

*"A Religion for a New Age," The Humanist - January/February 1983.*

We are *still* in a spiritual-culture war that won’t end until Jesus takes us home. We represent one side in America’s culture war, fighting against the Left’s insanity and the demonic forces tearing our country apart. There is no compromise.” MAGA-Make America GODLY again! **America won’t be great again unless America is Godly!**

### **“I didn’t leave the Democrat Party, the Democrat Party left me.”** Ronald Reagan

Slow talkin’, Southern drawl, the Senator from Louisiana John Kennedy said,

“The Democrat Party is like the **day room at an insane asylum**. *It’s in shambles*. It’s defined by one thing – its **hatred for President Trump!** *Even when he is right*. They oppose everything he does. The Democrats went to El Salvador to demonstrate their priority - **a deported illegal immigrant MS-13 gang member** above the safety of the Americans *they represent*. **Supporting terrorist gang members has become their crusade**. AOC is the Democrat *defacto* leader. **God gave AOC a billy goat brain and a mocking bird mouth.**”

### **71% of Democrats Want Elon Musk in Prison**

“The fact that a majority of Democratic voters would support **imprisoning Elon Musk** for trying to make government **more efficient** is a **shocking indictment of the modern left**, which has become increasingly more **tyrannical** in recent years,” said Justin Haskins at *The Heartland Institute*. Elon Musk has become *so hated* by liberals that they would **overwhelmingly favor a law to put the high-tech billionaire into prison!** Congressional **Democrats** continue to try to make the insane argument that **keeping men out of women’s sports** is like keeping **black people out of white country clubs or schools**. If an NBA basketball team refused a cripple who was in a wheelchair, that’s not discrimination, that reality! People in wheelchairs don’t make good NBA players. A boy is physically stronger than a girl and should not be allowed to play in women’s sports. That’s not discrimination. That’s reality. Yet the Democrats continue to promote this crazy notion.

The Democrat Party is ***all in*** for the LGBTQ movement. First, LGBTQ asked simply to be ***tolerated***. Then, they wanted to be ***celebrated***. Next, they wanted our ***participation***. Now, they use an ***iron fist to force us*** to yield to their every demand, including that we accept the lie that ***men can be women*** and that we must sacrifice the minds and bodies of our children to their radical ideology. Most Americans are tired of being told we ***must*** celebrate this sin. They have been given June as dedicated to celebrating “pride!” There is tremendous harm at the LGBTQ pride events – harm to the children who are ***exposed to naked men and drag queens in their parades***.

### **DEI is insanity that segregates people based on race and gender!**

The idea that there are *dozens of genders and that children can choose to change their gender* with powerful drugs and mutilating surgeries is ***insane***. It’s anti-science, anti-God, and anti-child. Public schools promote educational ***failure***. Too many children are familiar with all the latest LGBTQ books, know all the signs that they are ***trapped in the wrong body***, and they may “know” our Founding Fathers were ***evil slave owners***. *They don’t know our America history or do math or read well, despite we’re spending more money than ever.*

It’s ***evil*** for a teacher or counselor to tell children that they were “***assigned***” to be a certain gender at birth, and they may be in the *wrong gender body*. And their teacher offers to help them “transition” ***without telling their parents***. In previous generations, if a father found out that a teacher was telling ***his son that he was a girl***, that teacher would be on the ***wrong end of a fist***. This is ***leftist lunacy***.

**If Evolution was not indoctrinated in public schools, it would be seen as a myth from the 1800’s** Evolution says first there was ***nothing***, then nothing becomes ***something*** and later ***everything***. And this is taught as science? I.e. When the pot of prebiotic soup stops bubbling and the smoke from hydrogen and carbon clears, out comes the cave man who looks like Arnold Schwarzenegger! Really? Yet “***Intelligent Design***” is too ***religious*** to be taught in public schools. When we observe design, it’s logical to conclude ***there must be a Designer***. Creation implies a ***Creator***. Nature is an ***unlimited broadcasting station*** through which God says HE EXISTS! Psalm 19:

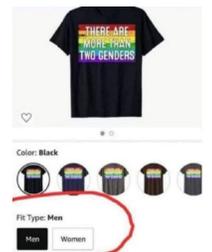

<p>The heavens declare the glory of God; the skies proclaim the work of his hands. <sup>2</sup>Day after day they pour forth speech; night after night they reveal knowledge</p>	<p><sup>3</sup> They have no speech, they use no words; no sound is heard from them. <sup>4</sup> Yet their voice<sup>[b]</sup> goes out into all the earth, their words to the ends of the world.</p>

### **Delusion of Evolution**, parts 1 #1942 & parts 2 #1943

Is evolution *science or religion*? Have scientific discoveries made Adam and Eve a fable or is Genesis real history? Former science teacher, **Dr Kent Hovind**, with *Creation Science Evangelism*, who is one of the best creation speakers, debates 3 evolutionary science teachers. The evolutionists said they have proof for evolution that a land animal, a cow, evolved into a whale. **Dr Hovind** says a piece of a skull; a few teeth and a piece of a jaw don’t prove anything! The fossil record is a myth. *Fossils are just a bunch of bones found in the dirt that aren’t proof of anything except that evolution is a fairy tale to make atheism acceptable.* The fossil record is a farce, and evolution is a ***diving religion*** supported only in public schools with our taxes. Teaching that the universe is billions of years old is calling Jesus a liar since God created Adam and Eve no more than 6,000 years ago.

### **Learning Styles: How Boys Learn** #1939

A California public school teacher teaches ‘gender equality’, that there are many genders, not just two. **Dr Michael Gurian**, author of *Raising Boys By Design*, says boys learn differently than girls and need to be taught differently. A boy’s energetic spirit is seen as disruptive, and he may be put on Ritalin. Understanding the “hard wired” brain differences between the way boys and girls learn can mean the difference between success and failure. Boys learn by doing.

### **The Final Generation** #1938

There is coming a Great Tribulation unlike anything ever seen on planet earth before where billions of people will die. Scripture describes a time of God pouring out His wrath on a rebellious, God hating world after the rapture of His followers. Israeli prophesy expert, **Amir Tsarfati**, author of *Has The Tribulation Begun?*, vividly describes the Revelation with a world-wide earthquake, plagues, death and devastation which is the result of most people rejecting Christ and choosing to worship the Anti-Christ. Yes, there will be some people saved from hell during the Great Tribulation because of warnings given today.

### New Vision for Education #1935

How can America get back to the ideas that made it the greatest Christian nation in history? **Peter Marshall**, author of *The Light and The Glory*, says, “Colonial New England produced the most incredibly, well-educated generation of Founding Fathers who were not only brilliant, but they were full of Godly Character.” Amazing achievements include the revival at Yale led by its President; Jonathan Trumble who read the entire Bible at age 4 and passed the entrance exam to Yale at age 7. John Quincy Adams was an ambassador to Russia at age 14. We are seeing that without absolute values, corruption and destruction are certain.

### Choice In Education #1934

President Trump is an advocate for school choice, giving parents the choice for their child’s education. **Milton Friedman**, the greatest economist of the 20<sup>th</sup> century, says, “Choice doesn’t take money from public schools but gives the money to parents to use at any school of their choice. Choice improves education by competition.” **Myron Lieberman** says, “Christian schools do a better job for half the cost of public schools.” **Robert Enlow** and **Leslie Hiner**, say, “Improving education is no longer theoretical but a proven fact through years of choice.” Since parents care the most about their child’s education let them decide their child’s future.

### Resurrection of Jesus Christ #1933

Most people have no idea of the infinitely high price God paid for their salvation! **Pastor Robert Nash**, author of *Last Words - 7 Sayings From the Heart of Christ on the Cross*, says while Jesus was gasping for every breath, he spoke words filled with hope and compassion. **William Frey**, says, “Since God can raise the dead, death has lost its power over us.” **John MacArthur**, of *Grace to You*, tells how the disciples were terrified before the resurrection but after seeing Jesus, they became fearless & transformed the world. **Chuck Smith** says, “The crucifixion wasn’t an accident but designed by God to show his love and forgiveness for sin.”

### Standing Boldly For Freedom #1932

**President Trump** said that democracy & freedom are back, in his brilliant State of the Union message calling this the “golden age” for America. What did he mean and what’s his vision for the future? TV & radio hosts **Ben Shapiro** and **Rita Panahi** said, “Democrat leaders who wouldn’t clap for anything or anybody, showed themselves, not just against Trump, but against American success.” Under Biden, the government was turned against our freedoms. **Pastor Todd Friel** asks, “What kind of country does the President *need* to proclaim that there are only 2 sexes, men & women? Men are banned from women’s sports.

God has never been outsmarted, defeated or surprised. God knows *every detail* in the future as if it had already happened. God has never been afraid, insecure or lonely. He’s never run out of ideas or resources or ways to protect those who love Him. He’s a God of *incredible creativity, of infinite energy and endless power*. What little problem do you have that He can’t help with? God tells us to live by faith in His power and ability. Let’s do that.

### HUMOR

When your steak is on the grill, your mouth watering, do **vegans** feel the same when mowing the lawn?  
*How can eating a 2-pound box of chocolates make me gain 5 lbs?*  
 Your father’s new job has 500 men *under him*. He is cutting grass at the cemetery.  
 The undertaker said if the last payment wasn’t made on your grandmother, within 7 days, *up she comes*.  
 Lot’s wife was a pillar of *salt by day* but a *ball of fire by night*.

SO THE GAME IS A SIMPLE ONE. WITH THE CAT CLUTCHED IN YOUR ARMS, YOU FIRE THE GUN, AND SEE HOW LONG YOU CAN HOLD ONTO THE CAT. THE WORLD RECORD IS 1.3 SECONDS.

We knew it was **bad** when our horn stuck & *remained stuck* as we followed the *Hell’s Angels* onto the freeway.
