*"If destruction be our lot we must ourselves be its author. As a nation of freemen we must live through all time or die by **suicide!**"*
Lincoln 1837

Special Report: America on Trial

President Trump is the first U.S. president ever in history to be **convicted of a crime, a FELONY!** The New York jury (>90% Dem) found Trump **guilty on all 34 felony counts**. The Biden Administration, who are all from the Obama Administration, sent the #3 man from the DOJ, Juan Merchan, to adjudicate Trump's case. Juan Merchan, an ardent *Democrat*, was chosen for the purpose of finding Trump guilty of *something - anything* to stop **Trump from becoming President again**. Juan has set sentencing for July 11th, 4 days before the Republican Convention, to show Trump being *sentenced as a criminal!*

President Trump, a convicted felon

The Democrats have made a mockery of justice by making it all about politics and THEIR power!

Since Joe Biden is *incapable* of making complex decisions on his own, others in and out of his administration, are doing what **all 3rd world Marxists do** – put the opposition **in prison or kill him**. The “made up” crime of a campaign finance violation *supposedly* falsifying business records was a misdemeanor turned into a felony that carries a maximum sentence of four years in prison. Legal scholars said it's **not a crime** to pay an attorney to try to influence an election but if it *were*, the *statue of limitations* had expired! So the desperate/corrupt Biden administration fearing *defeat* in the election turned this case into a *fake crime, a felony*.

Democrat strategy: Win in court since they can't win in the election!

This case was a *rigged sham* from the beginning by a compromised *tyrannical* Democrat judge who **refused to allow any testimony or any exculpatory evidence** that was favorable to Trump. The jury never heard both sides. **This is a bigger issue than Trump or politics. This is an assault on the foundation of our legal system.** It used to be that a person accused of a crime was presumed to be innocent unless his guilt is established beyond a reasonable doubt. But this was just the opposite. Trump was **presumed guilty** even *before they knew* what crime he was guilty of just for political gain. **People still don't know what crime he did.** But Americans are seeing this for what it is. The Trump campaign raised a record of \$53 million dollars in 24 hours!

Trump would do a better job running the country from prison than Biden does from the White House!

Why would Donald Trump *want to be President again*? It's not for money. He's a billionaire. It's not for fame. He's the most famous person in the world. It's not for sex, money or revenge, but because he is a patriot who loves this country and wants to save it from becoming another 3rd world COMMUNIST NATION!

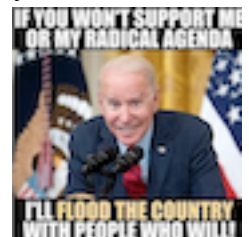

Is America Coming To An End?

Issues in Education program #1888

Are we witnessing the end of this nation? Victor Davis Hanson said, “Nations throughout history have gone through cycles to degenerate, decline and destruction. Nations, even empires, **thought it could never happen to them**, they were so robust and strong. They never thought their nation would come to an end, but it did. **With open borders**, no one knows how many millions of illegals *just walked in* without being vetted. Countries from around the world emptied their prisons and insane asylums letting millions come here to destroy our nation.

This is the death knell for any nation.

And if this wasn't *enough to destroy our nation*, CBS News reports that the Biden administration is putting together a plan to bring 150,000 Gazans in as “refugees!” Even offering them enticements and benefits, including “housing assistance and a path to American citizenship.” **THIS IS INSANE!** We are literally importing *terrorists who hate us* and want to destroy us! The Biden administration wants to bring in Gazans, **the people who supported the terrorists** who committed war crimes in Israel. The most anti-Semitic people in the world.

The people of Gaza voted for Hamas, and they still overwhelmingly still support Hamas, which is one reason why no Arab country will take them. ***But Biden and Harris think this is a really good idea. If America had an enemy like this President, he would do EXACTLY what Biden is doing. For our survival, we need to get this enemy out!***

Why do people support this incompetent, enfeebled president?

To vote for Biden, who won't make it another 4 years, is to vote for President Kamala Harris. The biggest danger to our nation is not *just the incompetence of Biden*, but a populace capable of ***entrusting such an inept man with the presidency***. Biden is ***just a symptom*** of a much deeper and more serious problem! Changing the beliefs of the depraved electorate that support Biden! That ***must begin with education***.

Ironically, the Biden administration recently fined ***Liberty University*** \$14 million, claiming it was not maintaining ***security*** on campus. Yet Biden wants to bring in ***150,000 Muslim terrorist supporters***. And the administration is threatening to withdraw federal money from any school that *refuses to allow a pervert into the girl's bathroom!*

How long can this nation survive spending ***a trillion dollars every 100 days just to pay the interest on the 36 trillion dollar debt?*** Most Americans don't have the view of history as historian **Victor Davis Hanson** has. He is the author of *The End of Everything: How Wars Descend into Annihilation*, he said:

We've never seen a US president convicted of criminal charges after he left office.

We have **never** seen a US president:

- being fined thousands of dollars for ***violating gag orders*** and ***threatened with jail*** by a judge.
- ***the top opposition candidate*** for president being ***destroyed*** by the current president.
- Democrats are *destroying the rule of law* to try to keep power, yet most Americans say ***it can't happen here***.
- Democrats have so hijacked all the federal agencies so that *free and fair* elections may be over.

Victor Davis Hanson said:

- We have over 300,000 Chinese students here. How many are *appropriating our technology* to use against us?
- How many others are **spying** for their Communist leaders in China?
- We have over 150,000 Middle Eastern students here. How many are waving Palestinian flags and chanting, "Death to Israel. Death to America!" How many want to take America for Allah! The *Muslim Student Association's* pledge is "Dying in the way of Allah is our highest hope." Do we want a repeat of 911?
- American scientists worked with Chinese scientists to develop the **Covid virus** as a weapon for biowarfare.
- China & North Korea both have the capability of ***hitting the West Coast*** of America with nuclear weapons.

Yet under Biden the FBI would rather investigate MAGA supporters and parents at school board meetings.

- ***The very powers of the FBI, CIA and DOJ are being used against the American people.***

Our side is so divided and complacent and not prepared for what's coming, they could be overwhelmed like the British were at Dunkirk in WWII. In this spiritual war, we need a leader like Winston Churchill.

Churchill's Courage, #1890

Imagine the fear, when on May 26th, 1940, France had fallen and the ***entire British army*** was surrounded by the Nazi war machine. The remaining 338,000 British soldiers were surrounded by Hitler's ***5 million man killing machine that crushed all resistance***. It was hopeless, but *one man*, **Winston Churchill**, *infused* his nation with *courage and hope* that saved Britain. Churchill called for a huge armada of ships to rescue their entire army at Dunkirk. It was a huge gamble since their ships could be sunk by the Germans.

At its peak Hitler had a massive army of over ***13.5 MILLION!*** The English people were ***overwhelmed with hopelessness***. France, considered the strongest fighting force, would *surely stop Hitler*, but ***then the unthinkable happened***. The mighty French army, the *last wall* between Hitler's **monstrous** killing machine and the Brits mainland ***collapsed*** in a matter of weeks! Now all of France except Calais and Dunkirk was under Nazi rule.

With the Nazi ***swastika flying over Paris*** and with the soon destruction of Britain's remaining army, the swastika

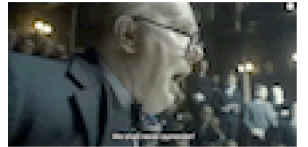

would be ***flying over London***. The King of England came to Winston's home late at night and pledged his support for whatever Winston decided, but first he asked Winston to go and listen to the people. Winston actually got onto a subway car and asked the ordinary people what they would do – surrender to Hitler or fight to the end. The people gave Churchill the

strength to fight and not surrender. From bricklayer to housewife they said, “Fight and NEVER GIVE UP! NEVER GIVE UP! Even fight with a broom. Fight instead of being slaves. Fight to the end!” This tear jerking moment gave Churchill and Parliament the will and courage to resist Hitler and to *win the war*.

Churchill, “The battle of France is lost. Now the whole FURY and MIGHT of Hitler’s massive forces are coming for us. Hitler knows he has to break Britain to win the war. Upon this battle the survival of *Christian* civilization depends. If we fail, the whole world will *sink into an abyss of a new dark age*. I have nothing to offer but **blood, toil, tears and sweat!** What is our policy? To wage war by sea, land and air, with all our might and strength that God can give us against this monstrous tyranny never surpassed in human crimes. What is our policy? Victory! Victory no matter what cost! Without victory, there is no survival!”

Churchill said, “Where will we be with the swastika flying over Buckingham Palace? If this island’s story is to end its long history, then let it end as each of us *lies choking on his own blood dying on the ground*. We shall never surrender. We shall defend our island whatever the cost may be. If we are subjugated and **starving** then our empire beyond the seas will carry on the struggle.” POWERFUL! MOVING! Very emotional! *That’s the kind of leadership our nation needs to overpower the enemy inside our own government.*

In May of 1940, the success of WWII was determined by the courageous English Prime Minister Winston Churchill. He alone had to go against others *in his own government* who wanted to surrender to get a ‘negotiated peace.’ Churchill said, “**YOU CAN’T REASON with a TIGER when your HEAD is in it’s MOUTH!**” What a great statement. You can’t reason with Hitler who slaughtered 6 MILLION Jews and 5 MILLION non-Jews! Who tortured, gassed men women and children in the holocaust and starved innumerable others in concentration camps! **Nazis and Marxist rule by POWER not POPULARITY!**

We can vote our way into communism, but we will have to shoot our way out!

On October 7, a slaughter took place that was so *vile*, so *vicious*, so *demonic* that it seemed the world had to pause to catch its breath. ***Torture, systematic rape, kidnapping, murder, and mutilation were perpetrated by gleeful terrorists against an unsuspecting and wholly innocent civilian population.*** But within a month after the slaughter, torture, kidnapping, *burning little babies in ovens in front of their horrified parents* and raping girls as young as 10 before murdering them, the focus was flipped to where *Israel is the aggressor and Hamas are the victims*. Israel is seen as genocidal *for just retaliating*. It’s like calling us **aggressors** after our fleet was decimated at Pearl Harbor and then calling *Japan innocent victims*.

These protestors and their professors feel they are upholding a *righteous cause for social justice for helping the oppressed Palestinians*. ***But it’s all based on ignorance and lies.*** They would destroy their own country, their freedom and prosperity, and for what reason? It’s like ***destroying your nation so they can live in the ash heap.***

"An evil man will burn down his nation so he can rule over the ashes!"

BUYING VOTES

The Biden regime is issuing edicts to force all taxpayers to pay for student loans for their Marxist indoctrination by forgiving their loans that cost \$92,000 a year for Harvard terrorists, \$90,000 a year at Columbia! Biden is buying the votes of 160,000 people by forcing us to ***repay their \$7.7 billion in student loans***. He continues to do this in defiance of the Supreme Court. Joe Biden tells students, “Look what I did for you!” ***Biden flagrantly buys votes to influence the election but Trump’s held in court for trying to influence an election.***

The Barbarians Are Inside The Gates

Marxists and *student-Marxists* chant, “Intifada! Intifada! Coming to America!” “Intifada” is a call for an armed uprising. These protests are not in Dearborn, or “Little Mogadishu” in Minneapolis, but on the elite university campuses like Harvard, where the supposedly “smart” people go to school. The educational

bureaucracy is *poisoning the minds* of our youth and our suicidal open border is importing a record numbers of terrorist and an unvetted 'civilian army' to do it.

Debate On Israel, #1884

It's shocking how antisemitic *supposedly* 'tolerant' university students have become! They don't just support the demonic Hamas terrorists, they're calling for the destruction of Israel and **Jews worldwide!** Our educational system has not taught students to **think critically** by hearing *both sides* of an issue but they've been indoctrinated to believe whatever they're taught without even hearing the other side.

Israel loves life. Hamas loves death.

The son of a co-founder of Hamas, **Mosab Yousef**, has *turned against Hamas* because he sees their motivation is from their *religion of hate*. Israel could have nuked *all the Palestinians* but has purposely saved civilian lives, dropping millions of leaflets warning civilians to leave an area under bombardment, while Hamas uses civilians as human shields and shoots any who try to escape. **Genocide** is not what Israel is doing but *what Hamas wants to do - kill every Jew on earth. Killing Jews is Islam's purpose for Muslims.*

It's a religious war: God versus Satan.

Allah wants fathers to sacrifice their sons for him, but God sacrificed His Son Jesus for us.

On the TV program, *Dr Phil Primetime*, several Muslim university students could not say the **gruesome attack** of innocent Israeli civilians was **evil** and immoral. **Dr Phil** says they can't tell *right from wrong*. This generation is **morally illiterate incapable of making moral judgements**. They have **no standard** to distinguish good from evil.

- Israel with just **1%** of the world's population, won **20%** of the Nobel Prizes.
- While the Muslim countries with **20%** of the world's population, won just **1%** of the Nobel prizes.
- If Muslims laid down their weapons, there would be **peace**.
- If Israel laid down their weapons, there would be **genocide** of Jews!

If we look back at the *horrors of the Nazi gas chambers*, we wonder *what kind of people* were they? Those who support Hamas, Hezbollah or their Muslim leaders in Iran are the very same kind of people who followed Hitler! They also want to destroy the Jews in a holocaust. Whether it's putting little babies ALIVE in ovens or Nazis putting Jews in gas chambers, it's the same evil Satanic spirit.

The Signs of the Times, part 1 #1880

We have entered a new era of global crisis as end time events fall into place. A super crisis will be when millions of Christians are **raptured out** of this world creating massive chaos and carnage. Most believers are not ready for the rapture but others like **Pastor Jack Hibbs** of *Calvary Chapel Chino Hills* say he is excited, eager and ready to go. **Pastor Barry Stagner**, author of *The Time of The Signs – A Chronology of Earth's Final Events*, quotes Jesus as saying 'This generation shall not pass away.' *The rapture is the most glorious moment as flesh and blood are instantly transformed into an everlasting spiritual body with amazing qualities, powers and capabilities. We will have a body like Jesus' Resurrected body that can pass through walls, travel great distances in an instant.*

The Signs of the Times, part 2 #1881

Nuts with nukes could start a nuclear war that results in the prophetic destruction of Damascus (Isa 17) by Israel that could be the beginning of the end of *this period of God's Grace*. We are living in the earth's final days signaling that the rapture and the Great Tribulation are close. **Pastor Barry Stagner**, author of *The Time of The Signs – A Chronology of Earth's Final Events*, says we could see the beginning of the Ezekiel 39 war but be raptured out before its end since God's grace gives way to his wrath on Israel's enemies. The Anti-Christ will come from the area of the Roman Empire. Prophecy expert **Amir Tsarfati** vividly describes the Great Tribulation.

The Spirit of Liberty, #1891

Our precious freedoms are not based on government but on God. Freedom isn't appreciated until it's lost. **Todd Starnes**, a Fox News commentator and author of *Culture Jihad-How to Stop the Left From Killing a Nation*, says, "What's happening in our country is the result of what has happened in schools being run by radicals. Without Biblical values, we are left with chaos." **Os Guinness**, author of *Last Call for Liberty- How America's Genius Has Become Its Greatest Threat!*, said, "Freedom comes from self-government, not external force. As our freedoms end, it's a catastrophe, not just for America, but for the whole world!"

Psychology As Religion, #1889

Schools used to teach values right from wrong. But now that's considered too religious. How did this happen? Clinical psychologist and author **Dr Bill Coulson** introduced an experiment in the schools that led to a cultural paradigm shift that changed the teacher to a facilitator and **switched absolutes for relative values**. Dr Coulson now admits that this has led to a disaster for our culture with to "situation ethics," inventive spelling, illiteracy, drug addiction, immorality, the new math, and etc.

Dr Coulson, a famed clinical psychologist, theorized that what **worked in the clinic would work in the classroom**. In the clinic, the psychologist makes NO value judgments. But trying this idea in the classroom, to make the teacher an **amateur facilitator instead of a teacher**, replaced absolute rights/wrongs with situation ethics, i.e. "whatever you FEEL is right for you." He now knows it's nonsense in the classroom where teachers need to teach absolutes and leave psychology OUT!

Fearless & Wonderfully Made, #1887

God brilliantly knit our bodies together to show His creative genius. God's creative genius in the physical realms leads us to want to know Him. Best selling author, **Philip Yancey**, author of *Fearfully and Wonderfully Made*, who survived a near fatal car accident, surprisingly talks about the benefits of pain. Until God became flesh as Jesus, he had not truly experienced pain and suffering as we do. If you want to know how God feels about our pain and suffering, look at how Jesus responded when He was on earth. Without Jesus, we would not know the love of God. The inspiration behind "Fearfully" is surgeon Paul Brand.

The High Cost of Freedom, #1886

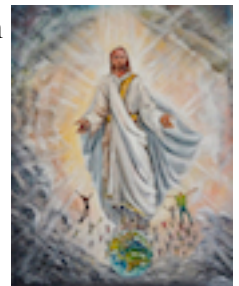

Freedom is *not free* but purchased in blood, sweat and tears. Our *greatest danger* is a generation that has no idea the sacrifices made for their freedom. Ignorance of TRUE American history is our *greatest threat* to our freedom. Founder Thomas Jefferson said "A nation that is IGNORANT and FREE is a nation that *never was and never will be*." American history and patriotism have been replaced with globalism. Nobody wants to die for *globalism*.

Osama bin Laden was the evil mastermind behind the 911 attacks that killed nearly 3000 innocent people and inflicted *unimaginable pain and grief* on this nation. 9/11/2001 was the deadliest attack on US soil as victims in the Twin Towers were burned to death with jet fuel from the hijacked passenger plane, and many others jumped to their deaths from floors as high as the 93rd floor of the tower to get away from the extreme heat of the fires. How could anyone be **so cruel to inflict such PAIN, such unbearable pain** on other people? For 10 years the perpetrator, Osama bin Laden, eluded capture for his atrocious crime.

Then in 2011, twenty-three Navy Seals in two Black Hawk helicopters landed in bin Laden's compound in Pakistan in the middle of the night. The courageous Navy Seal who shot bin Laden in the head and killed him was **Robert O'Neill**. Rob O'Neill saved the world from more bloodshed from one of *the most violent terrorists who ever lived*, who killed thousands of innocent men, women and **children** and laughed about it. He laughed at the anguish and grief he caused! What a **sick diabolic monster from hell**. He is now in the flames in hell.

Reasons for the Rapture, #1885

Does the rapture of believers, who are transformed into a resurrected body, to meet the Lord in the air, occur before the Tribulation? How is Jesus's appearance in the rapture different from His second coming to earth? Prophecy expert **Dr David Reagan**, founder of *Lamb & Lion Ministries* and author of *Living on Borrowed Time – The Imminent Return of Jesus*, said, "There's no mention of the Church after Rev 3, because the Church has been raptured out."

Oil by Bob Boyd

Top American universities **are at war with Western Civilization**, creating contempt for our culture in the minds of students. Universities have created generations of anti-American students that are not only ignorant but also opposed to our basic foundations. Universities have become spawning grounds for Marxists, which mass-produce **traitors to our founding principals!** Our nation established universities to train ministers of the gospel. Now they have **become our enemies!**

Surviving College, #1883

The percentage of Christians in this generation has declined to just 4%. A huge percentage lose their faith at college. How can a Christian survive in an anti-Christian campus? **Abby Nye**, a courageous Christian, university student, and author of *Fish out of Water-Surviving & Thriving as a Christian on a Secular Campus*, tells how

professors intimidate and convert Christians into humanism. Her literature professor told Abby that the Bible is a book of myths and not a credible source. Yet she was required to buy a Koran for her required class on Islam. What's the future for the Church as the majority of Christians leave the faith.

The Wonders of God's Universe, #1882

The heavens declare the glory of God, yet secular astronomers say distant starlight proves the universe is billions of years old. **Ken Ham**, founder of *Answers in Genesis* and author of *Creation to Babel*, says God created starlight seen on earth *when He created the stars*. Evolutionists fabricate drawings to fool naïve students. There are no transitional species but variation within a species. **Dr Jonathan Henry**, author of *The Astronomy Book*, says God created the massive stars and vastness of the universe, to *show how incredibly awesome He is*. **Louie Giglio** gives an exhilarating description of the gigantic stars compared to earth.

CONCLUSIONS

Why are Marxists, Muslims and the left so *focused* on our schools? Because *capturing the rising generation* is how you “fundamentally transform” a country. It seems that virtually everybody has a plan to use American education to promote their agendas, often radical and suicidal ideas, *except parents and pastors*. Our elites don't have a plan to preserve America by teaching our children why this country is an exceptional nation worth fighting and dying for. In fact, their plan is exact opposite – *to use our schools to build a Marxist America*.

A nationwide survey of more than 7,000 professors found that self-identified Dems outnumbered Republicans 12 to 1. (*That is the same political ratio that Biden hopes the illegal aliens crossing his open borders will be when he eventually makes them citizens.*) Today's colleges and universities are **not** “institutions of higher learning.” They are “re-education” and *indoctrination camps*.

Today, American children at *every level are being indoctrinated in the leftist ideologies* of critical race theory (CRT), so-called “diversity, equity, and inclusion” (DEI), and gender theory. CRT and DEI are doing the same thing to young Americans today. Both teach that Judeo-Christian Civilization is systemically racist and evil. Parents! Consider **TRADE SCHOOLS** instead of expensive universities.

An ancient hatred and great evil is rising in America today. The time when Christians can *sit comfortably in our churches is over*. We must confront this evil. We must stand with Israel. *Dietrich Bonhoeffer*, who was martyred by Hitler said, *“Silence in the face of evil is itself evil: God will not hold us guiltless. Not to speak is to speak. Not to act is to act.”* Anti-Semitism has always been *a marker for even more horror coming later*. The anti-Semitic mobs at Columbia, Yale, New York University, and Berkeley will grow. The people screaming calls for genocide have the Nazi spirit that set the books on fire that were written by Jewish authors in the 1930s.

Martin Niemoller, a Protestant pastor who opposed Hitler, spent seven years in concentration camps said; *“They came for the Socialists, I did not speak out, because I wasn't a Socialist. Then they came for the Jews, and I did not speak out, because I wasn't a Jew. Then they came for me, and there was no one left to speak for me.”*

Some clever one liners

I know a guy who's addicted to *drinking brake fluid*, but he says he can **stop** any time.

A thief who stole a calendar got *twelve* months. A *will* is a dead giveaway.

I got some batteries that were given out *free of charge*.

A dentist and a manicurist married. They fought *tooth and nail*.

The guy who fell onto an upholstery machine last week is now fully **recovered**. Acupuncture is a **jab** well done.

A cross-eyed teacher lost her job because she couldn't **control her pupils?**

When she saw her first strands of gray hair she thought she'd *dye*. Acupuncture is a **jab** well done.

When you get a bladder infection, *urine* trouble. I'm reading a book about anti-gravity. I just can't *put it down*.
